EDUCATION AND TRAINING

01/02/2025 – CURRENT Milan, Italy

PhD Student IFOM - Open University

Website <https://www.ifom.eu> | Level in EQF EQF level 8

01/05/2024 – 31/01/2025 Milan, Italy

Temporary Fellow IFOM

Website <https://www.ifom.eu> | Field of study Statistical Physics and Quantitative Biology

10/2021 – 04/2024 Milan, Italy

Master's Degree in Physics Università degli Studi di Milano

Thesis topic: physical models and data analysis in quantitative biology for regulatory mechanisms in microbial cells.

Supervisor: Prof. Marco Cosentino Lagomarsino (IFOM and Università degli Studi di Milano)

Website www.unimi.it | Field of study Statistical Physics, Biophysics |

Final grade 110/110, cum Laude | Level in EQF EQF level 7 | Type of credits CFU |

Number of credits 120 | Thesis Physical Modeling of Cell Growth: The Role of Transcriptional Competition and Protein Turnover

09/2018 – 07/2021 Milan, Italy

Bachelor's Degree in Physics Engineering Politecnico di Milano

Thesis topic: numerical simulations in non-linear optics and quantum mechanics.

Supervisor: Prof. Giuseppe Della Valle (Politecnico di Milano)

Website www.polimi.it | Final grade 110/110, cum Laude | Level in EQF EQF level 6 |

Type of credits CFU | Number of credits 180 | Thesis Propagation of two-dimensional Airy beams in non-linear optical media

09/2013 – 07/2018 Legnano, Italy

High School Diploma I.T.I.S. Antonio Bernocchi

Liceo Scientifico - opzione Scienze Applicate

Website www.isisbernocchi.edu.it | Final grade 100/100, cum Laude |

Level in EQF EQF level 4

PUBLICATIONS

2026

Transcriptional competition biases the effects of second messengers in E.coli

Authors Ripamonti A., Lacassin M., Droghetti R., Bokinsky G., Cosentino Lagomarsino M. |

Journal Name Cell Systems | Publisher Elsevier

CONFERENCES AND SEMINARS

27/04/2025 – 30/04/2025 Stresa, Italy

Chromosome Segregation and Aneuploidy EMBO Workshop 2025

Poster presentation: "Quantitative modeling of aneuploidy-driven fitness load in *S.cerevisiae*"

03/06/2024 – 07/06/2024 ICTP, Trieste

Physics of Living Systems (PoLS) Meeting 2024

Poster presentation: "Quantitative modeling of fitness load from proteostasis stress in cancer cells"

LANGUAGE SKILLS

MOTHER TONGUE(S): Italian

Other language(s):

English

Listening C1

Reading C1

Writing C1

Spoken production C1

Spoken interaction C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

HONOURS AND AWARDS

01/01/2026 AIRC

AIRC Fellowship 2026

Two-year 50 k€ fellowship supporting the project "A mathematical modeling-driven approach to uncover and target aneuploidy fitness costs"

31/08/2019 Politecnico di Milano

Best Freshmen Award

1 k€ university scholarship for the highest-achieving first-year students.

07/2018 Italian Ministry of Education

Enrollment in the Italian National Register of Excellence

01/10/2018 Fondazione Famiglia Legnanese

"Fondazione Famiglia Legnanese" scholarship

Merit-based scholarship for high school students

OTHER ACTIVITIES

01/03/2025 – CURRENT

Tutor - Computational Physics Laboratory

Undergraduate course, Università degli Studi di Milano

Private tutoring

During my university years, I provided private tutoring sessions in mathematics, physics, and chemistry to high school students, focusing on improving their understanding and performance in these subjects.
