DIGITAL COMPETENCES

DigComp

Information and data literacy **Independent user**

Communication and collaboration

Proficient user

Digital content creation **Independent user**

Safety **Basic user**

Problem solving **Independent user**

EXPECTATIONS AND FEATURES OF THE DESIRED JOB

INTENTION TO CONTINUE STUDIES: **Yes** /
Doctoral studies

ECONOMIC SECTOR: 1. healthcare / 2.
biomedical / 3. computer science, data
processing and acquisition

CAREER FIELD: 1. R&D and patents / 2.
Quality and security / 3. Controlling

PREFERRED DISTRICT TO WORK IN: 1.
MILANO / 2. ABROAD

AVAILABILITY FOR BUSINESS TRAVELS:
Yes, including relocation

AVAILABILITY TO RELOCATE ABROAD:
Yes, but only in Europe

Career Goal

To develop as a quantitative biologist at the interface of cell biology, statistical physics, and biophysics – building on my MSc at Università degli Studi di Milano and research experience at IFOM – with the aim of pursuing a PhD applying physical and computational frameworks to understand cell behaviour, genome organisation, and cancer biology.

WORK EXPERIENCES

MS Student Intern INSTITUTE OF MOLECULAR ONCOLOGY FOUNDATION ETS

Healthcare
MILANO (MI)
03/2026 - present

Main activities and responsibilities: Research in the Statistical Physics of Genomes and Cells (SPGC) group under Prof. Marco Cosentino-Lagomarsino, investigating growth-law scaling in *S. cerevisiae* across thermal perturbations – asking how cells tune their size and protein content under stress. Combines wet-lab experimentation (OD600, Coulter Counter, BCA protein quantification) with R-based computational pipelines for growth-rate modelling and statistical inference.

Acquired skills and achieved objectives: R / RMarkdown, linear mixed-effects modelling, yeast cell biology, quantitative data analysis, reproducible research pipelines.
Employed as: intern/trainee - internship | Company sector: R&D and patents

Lecturer Assistant GOVERNMENT ISLAMIA ASSOCIATE COLLEGE LAHORE CANTT.

Education, training,
research and development
LAHORE (PAKISTAN)
09/2022 - 04/2024

Main activities and responsibilities: Laboratory facilitation for intermediate science education, including dissections, microscopy (microbes and plant cells), embryology demonstrations (critical 48/72-hour chick embryo stages), and lab safety management.

Acquired skills and achieved objectives: Strengthened laboratory management, mentoring, and pedagogical delivery skills. Developed structured scientific communication and academic supervision capabilities.
Employed as: white collar or middle management - indeterminate length contract

Research Intern PCSIR LAHORE LAHORE (PAKISTAN) 09/2021 - 10/2021

Main activities and responsibilities: Conducted laboratory-based experimental work in applied biotechnology and industrial research settings. Assisted in sample preparation, biochemical and microbiological analyses, and operation of laboratory instruments. Maintained laboratory records in accordance with institutional protocols. Supported quality control procedures and ensured compliance with laboratory safety standards. Participated in data collection, documentation, and preliminary interpretation of experimental results.

Acquired skills and achieved objectives: Strengthened practical laboratory competencies in microbiological handling, sterile techniques, and analytical procedures. Gained exposure to applied research frameworks within a governmental R&D environment. Developed discipline in documentation, standard operating procedures (SOPs), and quality assurance practices. Improved technical precision, laboratory safety compliance, and structured experimental workflow management.
Employed as: intern/trainee - undergraduate internship | Number of hours: 320 | Company sector: R&D and patents

ACADEMIC STUDIES

MASTER'S DEGREE

Università degli Studi di MILANO

2024 - 2027
ONGOING STUDIES

UNIVERSITÀ
DEGLI STUDI
DI MILANO

MASTER'S DEGREE
2024
STUDIES NOT COMPLETED
PAKISTAN

BACHELOR'S DEGREE
2018 - 2022
PAKISTAN
NONE

Facoltà di Scienze e Tecnologie
MOLECULAR BIOLOGY OF THE CELL (CLASS LM-6)
LM-6 - 2nd level degree in Biology
Expected graduation date: 2027

National University of Science and Technology (NUST)
Faculty: Department of Microbiology and Biotechnology
Masters of Science in Industrial Biotechnology
Last academic year of enrolment: 2024

University of Management and Technology (UMT)
Faculty: Department of Life Sciences, School of Science
Bachelors of Science in Biotechnology
Age at graduation: 23 | Official duration: 4 years
Graduation date: 01/07/2022

OTHER POSTGRADUATE STUDIES

EXTRA CURRICULAR 4EU+
COURSE
2025

Write & Shine: Introduction to Scientific Writing

Heidelberg University

(Germany Italy)

Main Activities and Responsibilities:

Completed structured training in scientific clarity, coherence, and publication standards.

Acquired Skills and Achieved Goals:

Improved manuscript structuring, logical argumentation, and academic writing precision.

Duration: 2 months

FOREIGN LANGUAGE SKILLS

English IELTS Academic, British Council IELTS Pakistan, Jul 2023 ,
Europass level C1

INFORMATION TECHNOLOGY SKILLS

COMPUTER PROGRAMMING

Integrated development environments (IDE): RStudio (Intermediate)
| **Programming languages:** Python (Intermediate)

ICT CERTIFICATES

Code in Place (CIP) 2025 Stanford University, 2025
events.stanford.edu/event/code-in-place-2025-info...

STUDIES AND EXPERIENCES ABROAD

ITALY
2024

Personal initiative (Entrepreneurship for Biologists)

Place: **Milano (Italy)** | Language: English | Duration: 14 (months)

Exploring ways for bio-entrepreneurship opportunities and actively looking for collaborations for advocative and community-building oriented individuals.

PROFESSIONAL ACCOLADES AND AWARDS

AWARD / SCHOLARSHIP
01/02/2018

Merit Based Scholarship

75% Tuition Fee Waiver during Bachelor of Science (BSc) –
Biotechnology – University of Management and Technology.

EVENTS / EXHIBITIONS

PROJECT 2025

BRAC1/2 Mutational Analysis

Comparative analysis of mutation signatures and pathway alteration in Pakistani vs global breast cancer data.

Editor: RSG Pakistan

Remote

McKinsey.org Forward Program

Earners of this badge have completed the McKinsey.org Forward online learning program. This program enables participants to develop practical skills for success in the future of work. Participants learn how to apply the McKinsey approach to problem-solving, become more effective and influential communicators and develop adaptable and resilience mindsets and habits. They also learn how to plan for and develop a foundational digital toolkit. The program's name was last updated in March 2025.
